Here are some helpful tips to foster a love of reading for your child:

1. Read with your kids. You don't necessarily have to read to same books, but by simply sharing the experience of reading with them, you are more likely to get them motivated to read enthusiastically.
2. Set aside family time to bond through reading, you can do this by going to a coffee shop, bookstore, or a library together to make reading an experience to remember.
3. Ask them what book they are currently reading and use this as a topic of conversation with them.
4. Help them select a book that might peak their interest.
5. Encourage them to join/form a book club. When reading becomes a social experience, kids become more enthusiastic and more motivated.
6. Encourage them to keep a log/journal of their reading minutes to help them keep track of their progress.
